

# ARRIKIATI

- SICIL'INSPIRED BISTROT -

**ARRIKIATI** is a true bistronomic food/wine experience, created and led by our duo: **GIORGIO**, a Sicilian chef who is always playing between Sicilian food traditions and his personal own creations, and **DELPHINE**, a French sommelier, forever wine enthusiast-adviser, selecting always wider range of biological and natural (French & Italian) wines.

This is our most personal expression of being Restaurateurs: step inside, and let us be your guide: We invite you in our small, yet cosy home, where you will enjoy a unique fine-dining menu, a journey between Sicilian authenticity & creative modern cuisine, driven by locality and seasonality...

High gastronomy trained and passionate, we travelled the world together, **France, Italy, Corsica, New Zealand and China, (Hong-Kong)** while working with renowned chefs and restaurants: **Michel Bras, NOMA, Moreno Cedroni**, and more locally **Dôme**. We have Sicilian Roots, Antwerp is now our home where we have created our own tiny culinary world.
